The twenty-four tales in this book are of the most famous lost treasures in America, from a two-foot statue reportedly made entirely of silver (the “Madonna”) and a cache of gold, silver, and jewelry that was rumored to also contain the first Bible in America to seventeen tons of gold—its value equal to the treasury of a mid-sized nation—buried somewhere in northwestern New Mexico. What makes these tales even more compelling is that none of these known-to-be-lost treasures have been discovered, although modern detecting technology has made them eminently discoverable.

In Defense of the Bible gathers exceptional articles by accomplished scholars (Paul Copan, William A. Dembski, Mary J o Sharp, Darrell L. Bock, etc.), addressing and responding to all of the major contemporary challenges to the divine inspiration and authority of Scripture. The book begins by looking at philosophical and methodological challenges to the Bible—questions about whether or not it is logically possible for God to communicate verbally with human beings; what it means to say the Bible is true in response to postmodern concerns about the nature of truth; defending the clarity of Scripture against historical skepticism and relativism. Contributors also explore textual and historical challenges—charges made by Muslims, Mormons, and skeptics that the Bible has been corrupted beyond repair; questions about the authorship of certain biblical books; allegations that the Bible borrows from pagan myths; the historical reliability of the Old and New Testaments. Final chapters take on ethical, scientific, and theological challenges—demonstrating the Bible’s moral integrity regarding the topics of slavery and sexism; harmonizing exegetical and theological conclusions with the findings of science; addressing accusations that the Christian canon is the result of political and theological manipulation; ultimately defending the Bible as not simply historically reliable and consistent, but in fact the Word of

This volume presents Babylon as it has been passed down through Western culture: through the Bible, classical texts, in Medieval travel accounts, and through depictions of the Tower motif in art. It then details the discovery of the material culture remains of Babylon from the middle of the 19th century and through the great excavation of 1899-1917, and focuses on the encounter between the Babylon of tradition and the Babylon unearthed by the archaeologists. This book is unique in its multi-disciplinary approach, combining expertise in biblical studies.
Who is the Holy Spirit and how can you walk in His power? Jesus walked in the power of the Holy Spirit and declared His disciples would do even greater works (Luke 4:14, John 14:12). Drawing from the powerful experiences of Rees Howells, Evan Roberts and many other influential servants of the Lord Jesus Christ, the author unveils the secrets of going deeper with God, and how to grow beyond being blessed by the Holy Spirit, to be filled with the fullness of God (Ephesians 3:19). Travel through time and bring the spiritual alongside the physical as men search for the lost treasures of the Bible. Where angels, demons, and humans interact. Life and emotions are played with like creative toys. Irony, retribution, greed, and dishonesty are woven into a tapestry of deceit. From the safety of a seminary to the dangers of an infernal cave, readers take an exciting trip through academia, rote religion, and speculation to be brought face to face with things they cannot understand and will defy knowledge. Have you ever met a demon, talked with an angel, or conducted a visit within solid rock? What about things that don't fit into our religious comfort zone. Things that exist outside of the experiential limits of our minds, wills, and emotions comprise the stuff that novels are made of. Sometimes those things can bring to the surface propensities that we didn't know we had.

Noted scholars (William A. Dembski, Darrell L. Bock, etc.) address and respond to all major contemporary challenges (philosophical, historical, ethical, scientific, etc.) to the divine inspiration and authority of the Bible.

As you read the unbelievable testimony of the trials and overcoming successes of Carol’s life, you will both stand in awe and praise God for His faithfulness. Though many would have given up if they had faced insurmountable obstacles of physical, mental, emotional, relational, and financial difficulties, these obstacles taught Carol and Jim to rely more on the sovereignty of our Lord. You will be challenged to use this book as a catalyst to allow our God to work through the heartaches and roadblocks in your life just as Carol has beautifully surrendered her marriage, her family, her work, and her gifts to Him.

The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered.

Lost Treasures of the Bible by Michael McDonnell is concerned with treasures of the Bible that have, in some way or to some degree, been lost over time. These treasures include the Ark of the Covenant, Aaron’s Rod, the Chalice of the Last Supper, the Veronica, the Shroud of Turin, the family tree of Jesus, a timeline of key Biblical dates, and Noah’s Ark. Three primary sources of information are used. These are: the Bible, and the writings of the Catholic mystics Blessed Anne Catherine Emmerich (1774-1824), and the Venerable Mary of Agreda (1602-1665). This book should be of interest to people who would like to learn more about both Jesus and the Bible.
